

CONSIDO

Property advisory dedicated
to buyers, ensuring we find
you the most suitable home
or investment.

Helping you
find your
place in the
world's most
dynamic city.

BUYING

Our experience of London's key postcodes and extensive network of professional contacts creates a distinct advantage in this complex and competitive arena. We manage the entire process for you, including search, viewings, negotiations, exchange and through to completion.

Our search for properties that match your specification is extensive. We shortlist the best properties in each desired location and preview every one to assess its suitability - and we often gain access to properties before they are advertised by estate agents.

RENTING

We'll locate and secure a rental property that suits you perfectly and negotiate the lease on your behalf. We are proud of our ability to match people to properties using our extensive experience of the fast-moving London rental market and long established relationships with estate agents and private landlords.

For short-term relocations or extended business trips, we also arrange serviced flats, short-let apartments or even hotel accommodation.
